Endocrine and morphological aspects]. A case of aldosterone-producing adenoma is presented. Discovered by chance, it was found to be associated with hypertension, hypokaliemia and renin-hypersecretion, the latter being in favour of a pre-operative diagnosis of pheochromocytoma. The histology showed a typical eosinophilic tumor of the zona glomerulosa. The treatment consisted of a two-stage operation: adrenalectomy which led to a complete cure and a subcapsular nephrectomy, three months later. Treatment was successful and the patient remains cured two years later. From a purely functional point of view, the case described appears to be an exception.\mathcal{V}^\bullet_{\{\ensuremath{\mathcal{R}}\}}$. (A1) $\Rightarrow$ (A2): In this case there exist a domain R such that ${\ensuremath{\mathcal{I}}}$ is finitely generated by elements in $\operatorname{Ass}(R)\subseteq \operatorname{Ass}(\{\ensuremath{\mathcal{I}}\})$. Take R and ${\ensuremath{\mathcal{I}}}$ as in Lemma \[lem:unique\]. (A2) $\Rightarrow$ (A1): We argue by induction. For $n=1$ the statement is obvious. For the induction step, we assume that R' is a domain and ${\ensuremath{\mathcal{I}}}'$ is an ideal in R' such that ${\ensuremath{\mathcal{I}}}$ is finitely generated by elements in $\operatorname{Ass}(R')\subseteq \operatorname{Ass}(\{\ensuremath{\mathcal{I}}\})'$. World Route Portable

This free software utility is inbuilt on your PC, and acts as a standalone tool for analysis of how network traffic passes in between your Internet connection and the destination website. This time-saving application doesn't require any extra software, and users can get to grips with its intuitive graphical user interface right away. On top of this, the program requires minimal user input, providing a fast and robust means of analyzing the route of your online data. In a single move, you can launch an analysis on either an IP address or a website, and as it stands, World Route Portable is one of the best route-determining programs on the market today. The tool is intuitive, accurate and informative Even though it doesn't offer the level of connectivity as does, for instance, the popular OpenDNS service, World Route Portable nevertheless makes for a great software option for carrying out quick analysis on the path Internet traffic takes to reach a particular website or IP address. You can install the software on your PC, run it and then launch it on whatever Internet-enabled device you are using, whether it's a laptop, PC or tablet. World Route Portable makes finding out the route your data takes an easy task. All you need to do is select your destination IP address or URL, with the rest of the job being handled automatically. To perform the analysis, you need only enter the destination Internet address and location, with the program analyzing the route between the two. You can then choose to display the website or IP address the route passes on the way to your desired site, with the program presenting the two in plain text. With this route analyzing application, you can easily find out where your Internet data travels to get to the destinations in a timely fashion, and that's a great perk of this software tool. Lets you look at the way your Internet traffic gets to a particular place World Route Portable stands out from the crowd with its friendly graphical user interface, and in a combined move, this time-saving software will deliver any website or IP address to you in plain text, reading the path data takes to make it to its destination. The best thing about this application is that you don't need to download any additional software to use it, and you can run the program on any PC. This means you can easily analyze the route your Internet data takes, as long as you run the tool. Notes: NOTE:Unblock.org

One of the motivations for my staying abroad is to be away from a toxic relationship that I ended up in. I have a lot of respect for the guy, I like his relationship with his girlfriend, but it's just me against them. It's not a problem, but I can't help feeling this is an opportunity I wasted, as I could not overcome my resentment. They're in a good place, and he's put in a lot of effort into his relationship. A friend of mine told me to behave more like a friend in this situation. But I feel I owe him a conversation. He can't be in a relationship with anyone else. What is the polite way of gently telling him that I just couldn't overcome my feeling of resentment and I don't want to be in a relationship with him? A: How to deal with an old friend in a romantic relationship that I do not wish to continue? I can't help feeling this is an opportunity I wasted, as I could not overcome my resentment. That's where you are wrong. Many people here on this site will agree with me that sometimes the right thing to do is to cut your losses and move on. You were also right to have resisted putting your feelings aside and taking this chance with this girl. You did not want to be with him, but you just had to have some opportunities. The time to not have ended was when you had an opportunity to choose to be with the right person. After you have been with her, you know that you simply can't do this again. It's a shame, but life goes on and you are best by yourself. What is the polite way of gently telling him that I just couldn't overcome my feeling of resentment and I don't want to be in a relationship with him? Talk to him. If you have tried
