A GUI interface that is simple to use and very powerful. I wouldn't change a thing! Just bought your plugin "EasyPC".... Wow, very nice looking. Very clean and looks great. Love that button "Macro Clone" saves time and is very handy. I use it often. Hello. I am a regular user of "Easy VST Plugin" (My Ex Manager bought it for me a while ago) and really love it. I've used it on several projects and have really appreciated its ease of use and the fact that you've provided so many extra plug ins. Very simple, very easy to use. I especially like that you have so many plug ins. Great program. I haven't done any serious audio work with it yet, but it has come in handy for a couple of projects. It works great. I really liked it, as there are 77a5ca646e
